info@levelupevents.in

LevelUp is a community driven platform that connects founders, entrepreneurs, businesses, professionals with the students and aspiring entrepreneurs.

Hack Space is LevelUp's hands on hack week where students explore Blockchain and Generative AI, learn from experts, and turn ideas into real-world projects.

BUILDING THE FUTURE, FROM CHAIN TO BRAIN

- Generative AI
- Blockchain

ABOUT GENERATIVE AI

In Hack Space, the Generative AI track helps you explore how machines can imagine, create, and collaborate. From fundamentals to building your own AI-driven projects, you'll experience how creativity and technology merge to shape the future.

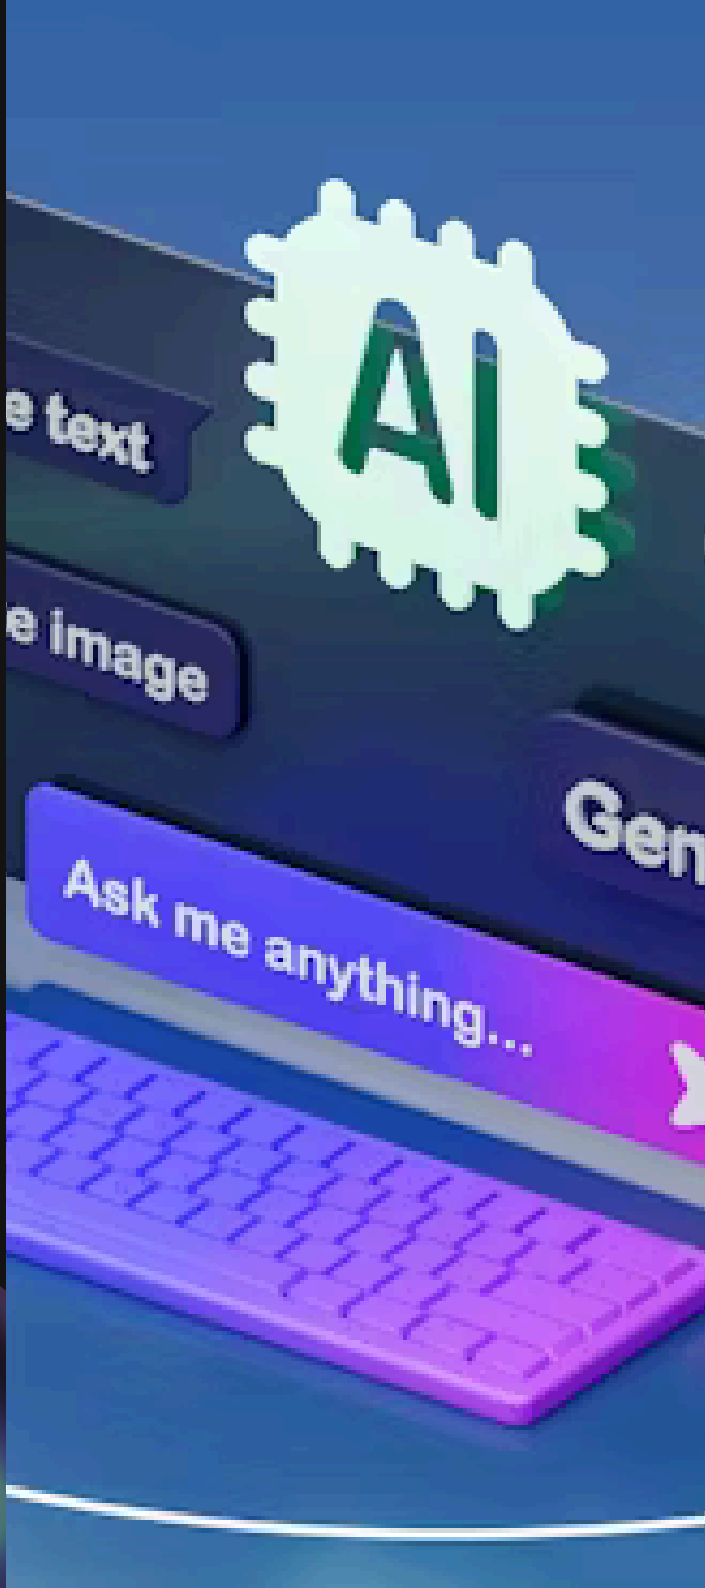

HOT TOPICS

- Prompt Engineering, Model Training, AI Agents
- Text, Image, and Audio Generation
- Real-World Applications, Automation, Creative Systems

WANT TO SEE HOW AI TURNS IMAGINATION INTO INNOVATION?

Discover real stories of innovation and see how Generative AI is transforming creativity, business, and the way we build the future!

Join Us, Now!

ABOUT BLOCKCHAIN

In Hack Space, the Blockchain track guides you from beginner to pro, combining interactive sessions, expert mentorship, and real-world problem-solving to help you build confidently in the Web3 space.

HOT TOPICS

- Decentralization, Consensus, Cryptography
- Smart Contracts, DApps, Web3
- NFTs, DAOs, Layer 2 Solutions

THINK BLOCKCHAIN IS JUST ABOUT CRYPTO? LET'S GO BEYOND THAT.

Unlock our book of innovation stories and see how Blockchain is shaping the future of technology!
